ELSEVIER

International Journal of Pharmaceutics 173 (1998) 263–264

international journal of pharmaceutics

Author index

Barthe, L., M. Bessouet, J.F. Woodley, G. Houin, The improved everted gut sac: a simple method to study intestinal P-glycoprotein **173**, 255
Bateman, S.R., see Butler, W.C.G. **173**, 211
Bessouet, M., see Barthe, L. **173**, 255
Blanco, D., see Torres, D. **173**, 171
Boado, L., see Torres, D. **173**, 171
Bodmeier, R., see Chang, C.-M. **173**, 51
Bridges, P.A., K.M.G. Taylor, Nebulisers for the generation of liposomal aerosols **173**, 117
Brodin, A., see Scherlund, M. **173**, 103
Buri, P., see Ganem-Quintanar, A. **173**, 203
Butler, W.C.G., S.R. Bateman, A flow-through dissolution method for a two component drug formulation where the actives have markedly differing solubility properties **173**, 211

Cartilier, L.H., see Moussa, I.S. **173**, 35
Chang, C.-M., R. Bodmeier, Low viscosity monoglyceride-based drug delivery systems transforming into a highly viscous cubic phase **173**, 51
Chang, R.-K., M. Shinwari, M. Leonzio, L.-S. Wu, J. Pang, M.A. Hussain, Evaluation of the disintegrant properties for an experimental, crosslinked polyalkylammonium polymer **173**, 87
Charman, S.A., see McCrossin, L.E. **173**, 157
Charman, W.N., see McCrossin, L.E. **173**, 157
Codd, J.E., P.B. Deasy, Formulation development and in vivo evaluation of a novel bioadhesive lozenge containing a synergistic combination of antifungal agents **173**, 13
Codd, J.E., P.B. Deasy, Synergistic antifungal interaction between miconazole nitrate and chlorhexidine acetate **173**, 3
Corveleyn, S., J. Paul Remon, Bioavailability of hydrochlorothiazide: conventional versus freeze-dried tablets **173**, 149

Deasy, P.B., see Codd, J.E. **173**, 13
Deasy, P.B., see Codd, J.E. **173**, 3
Díez-Sales, O., see López, A. **173**, 183
Dyar, S.C., R.E. Notari, Hydrolysis kinetics and stability predictions for a mixture of R and S temocillin isomers **173**, 221

Falson-Rieg, F., see Ganem-Quintanar, A. **173**, 203
Fang, J.-Y., Y.-B. Huang, H.-H. Lin, Y.-H. Tsai, Transdermal iontophoresis of sodium nonivamide acetate. IV. Effect of polymer formulations **173**, 127
Faus, V., see López, A. **173**, 183
Forbes, A.E., see Haslam, J.L. **173**, 233

Ganem-Quintanar, A., D. Quintanar-Guerrero, F. Falson-Rieg, P. Buri, Ex vivo oral mucosal permeation of lidocaine hydrochloride with sucrose fatty acid esters as absorption enhancers **173**, 203

Haslam, J.L., A.E. Forbes, G.S. Rork, T.L. Pipkin, D.A. Slade, D. Khossravi, Tableting of controlled release multiparticulates, the effect of millisphere size and protective overcoating **173**, 233
Herráez, M., see López, A. **173**, 183
Hino, T., see Kawashima, Y. **173**, 243
Houin, G., see Barthe, L. **173**, 255
Huang, Y.-B., see Fang, J.-Y. **173**, 127
Hussain, M.A., see Chang, R.-K. **173**, 87

Kachrimanis, K., G. Ktistis, S. Malamataris, Crystallisation conditions and physicomechanical properties of ibuprofen–Eudragit® S100 spherical crystal agglomerates prepared by the solvent-change technique **173**, 61
Kawashima, Y., T. Serigano, T. Hino, H. Yamamoto, H. Takeuchi, Design of inhalation dry powder of pranlukast hydrate to improve dispersibility by the surface modification with light anhydrous silicic acid (AEROSIL 200) **173**, 243
Khossravi, D., see Haslam, J.L. **173**, 233
Ktistis, G., see Kachrimanis, K. **173**, 61

Lastra, C.F., see Modamio, P. **173**, 141
Lenaerts, V., see Moussa, I.S. **173**, 35
Lennartz, P., J.B. Mielck, Minitabletting: improving the compactability of paracetamol powder mixtures **173**, 75
Leonzio, M., see Chang, R.-K. **173**, 87
Lin, H.-H., see Fang, J.-Y. **173**, 127
López, A., V. Faus, O. Díez-Sales, M. Herráez, Skin permeation model of phenyl alcohols: comparison of experimental conditions **173**, 183
